EDUCATION

College of Engineering Trivandrum
BTech, Computer Science & Engineering
with Honors in Machine Learning

August 2020 - Present
Expected Year of Graduation: 2024
Current GPA: 9.5/10

TECHNICAL PROJECTS

Animated Portfolio | (HTML,CSS,Javascript)

2021

- This animated portfolio website is a testament to my talent, attention to detail, and passion for my craft. It creates an exceptional platform to display my work and impress viewers with its seamless animations and captivating design.

The Book | (HTML,CSS,Javascript,Bootstrap)

2023

- This website is a fully designed demo that utilizes Bootstrap classes throughout.

Contact Manager | (React JS)

2023

- This is a user-friendly contact management application that allows you to effortlessly add, delete, edit, and search for contacts. With its intuitive interface, you can easily organize your contact information in one place. Whether you need to add a new contact or make changes to an existing one, this application provides you with the tools you need to manage your contacts effectively. Moreover, the search function allows you to quickly locate any contact by name, phone number, or email address.

Titan Weather | (HTML,CSS,Javascript)

2022

- Developed a website for recommending clothes and food items precautions by predicting the weather in Hackathon .hack()

Portfolio Website | (HTML,CSS,Javascript)

2021

- Designed and developed my own portfolio using HTML, CSS and Javascript.
